Our Focus

- Green Energy Talent Solutions
- Solar Technology Staffing
- EV Infrastructure Talent
- Internships & Early Career Opportunities
- Sustainable Technology Staffing

ABOUT GESTSS

GESTSS —Green Energy & Solar Tech Staffing Solution — is focused on building the workforce behind the clean-energy transition.

We connect clean-energy organizations with skilled, verified and deployment-ready talent across Solar, EV Charging, Battery Energy Storage, Grid Technologies and related technical functions.

Our approach combines talent sourcing, technical screening, credential and safety verification, technical talent mapping, workforce readiness and strategic outreach to support the evolving needs of the clean-energy industry.

OUR PURPOSE

To connect organizations with specialized clean-energy talent while supporting technical readiness, workforce reliability and industry-focused capability development.

OUR FOCUS

Clean Energy | Technical Talent | Workforce Readiness | Digital Solutions

OUR ECOSYSTEM

Employers → Technical Talent → Training & Readiness → Industry Opportunities

GESTSS brings together clean-energy expertise, workforce solutions and digital capabilities to support organizations and professionals participating in the growing clean energy ecosystem.

Green Energy and Solar Tech Staffing Solution

OUR DETAILS

Building the Workforce Behind Clean Energy

GESTSS connects clean-energy organizations with skilled, verified and deployment-ready talent across key technical and business functions.

OUR CORE AREAS

Solar & Power Systems

Technical workforce for Solar PV, Power Systems, BESS and Grid-related functions.

EV & EV Charging

Talent across EV Charging, EVSE, DCFC and OCPP technologies.

Battery Energy Storage

Workforce support for Battery Energy Storage Systems and emerging energy-storage applications.

Grid & Energy Infrastructure

Technical talent supporting modern grid technologies and energy infrastructure.

Digital & Software

Web Development, Software, AI/ML and digital solutions for clean-energy organizations.

Research & Technical Content

Technical research, industry intelligence and content support across Solar, EV and Renewable Energy.

WHAT WE DELIVER

Clean-Energy Staffing

Technical Talent Mapping

Credential & Safety Verification

Workforce Readiness

Strategic Outreach

Digital Solutions

Clean-Tech Academy

TALENT-TO-ROLE MAPPING

B.Tech / M.Tech Electrical

- Solar
- Power Systems
- BESS
- Grid

EV / Electrical

- EV Charging
- EVSE
- DCFC
- OCPP

BCA / MCA

- Web Development
- Software
- AI/ML

Research

- Solar
- EV
- Renewable Energy
- Technical Research

Management

- Talent
- Outreach
- Partnerships

SOLAR & POWER SYSTEMS

Clean energy for a sustainable tomorrow.

EV & EV CHARGING

Accelerating the EV transition.

DIGITAL & SOFTWARE

Innovative technology for a cleaner future.

RESEARCH & TECHNICAL CONTENT

Insights for a smarter clean-energy world.
